

Main technical features:

Max current - measurement part: 63 A
Max current - junction part: 160 A
Rated voltage: 230/400 V
Rated voltage of the insulation: 500 V
Rated frequency: 50~60 Hz
IP protection level: IK10, IP 54
Working temperature: -25~55 C
Compatible with norms: EN 60 439-1
Insulation class: II

Type:

LG531032

Card number:
