

Main technical features:

Max current - measurement part: 63 A
 Max current - junction part: 160 A
 Rated voltage: 230/400 V
 Rated voltage of the insulation: 500 V
 Rated frequency: 50~60 Hz
 IP protection level: IK10, IP 54
 Working temperature: -25~55 C
 Compatible with norms: EN 60 439-1
 Insulation class: II

Type:

LG801132

Card number:
